Surveyor and Public Health Inspector.

N. J. HIBBETT, M.A.P.H.I.

Additional Public Health Inspector.

TO: THE PETERBOROUGH RURAL DISTRICT COUNCIL.

Mr. Chairman, Ladies and Gentlemen,

I have pleasure in presenting the Annual Report on the health and sanitary conditions of the District for the year ending 31st December, 1970.

The mid-year population was estimated by the Registrar General to have been 9,970. (Five years previously, in 1965 it was estimated as 9,000).

There were 174 live births during the year. The crude birth rate was 17.5 per 1,000 and the adjusted rate 19.4 per 1,000 of the population. The rate for England and Wales was 16.0.

Of the live births 8% were illegitimate. This is the same proportion as throughout England and Wales.

One infant death occurred during the year.

There were 96 deaths - 51 males and 45 females. The crude death rate was therefore 9.6 and the adjusted rate 11.0 per 1,000 of the population. The rate for England and Wales was 11.7.

There were not a large number of infectious disease cases notified during the year. Those most commonly occurring were Measles 36 cases and Whooping Cough 20 cases.

The latter half of the year 1970 was noteworthy in that the County, through the School Medical Service, launched a campaign to immunise all girls against German Measles in their 14th year. This is to prevent them from catching this disease later on in life, during pregnancy; since if this occurs there is a possibility of it causing the baby to have congenital abnormalities. I advise all parents to have their girls immunised under this scheme. It only necessitates one practically painless injection and may save the girls a lot of worry in the future.

I am most grateful to the Members of the Council and their Officers and Staff for all the help which they have given me during the year.

STATISTICS AND SOCIAL CONDITIONS OF THE AREA

Area	28,186 acres
Estimated Population	9,970
Density of Persons per acre	0.35
Number of inhabited Houses as at 1.4.70	3,441
Rateable Value - April, 1970	£281,099
Value of Penny Rate	£1,202

VITAL STATISTICS

Live Births	174
Rate per 1,000 population	17.5
Illegitimate Live Births per cent of total live births	8
Still-births	1
Still-birth Rate per 1,000 live and still-births	6
Total live and still-births	175
Infant deaths under one year	1
Infant Mortality Rates	
Infant deaths per 1,000 live births	6
Perinatal Mortality Rate, per 1,000 total births	6
Maternal Mortality (including abortion)	
Number of deaths	Nil
Rate per 1,000 live and still-births	Nil
Number of deaths (all ages)	96
Death Rate per 1,000 population	9.6
Deaths from Cancer (total)	24
Cancer of lung or bronchus	3
Ischaemic heart disease	20
Other heart disease	9

TUBERCULOSIS

There were no new cases or deaths from Tuberculosis during 1970, therefore I have not printed the tables this year.

Wellcome Library

<https://archive.org/details/b29988779>

TABLE SHOWING INFANT DEATHS AND THE MORTALITY RATE
OVER SIX YEARS

	1965	1966	1967	1968	1969	1970
Actual Number of Deaths	Nil	3	4	2	Nil	1
Death Rate per 1,000 live births	Nil	15.5	22.0	11	Nil	6

COMPARISON OF RATES WITH THOSE OF ENGLAND AND WALES

Per 1,000 Population					Per 1,000 Live Births	Per 1,000 Total Births
	Live Birth Rate	Adjusted Birth Rate	Crude Death Rate	Adjusted Death Rate	Infantile Mortality Rate.	Still Births Rate
Peterborough R. D.	17.5	19.4	9.6	11.0	6.0	6.0
England and Wales	16.0	16.0	11.7	11.7	18.0	13.0

Comparability Factor Births 1.11
Comparability Factor Deaths 1.15

The comparability factors are figures by which the crude birth and death rates need to be multiplied so as to find the adjusted rates. The adjusted rates are then comparable with the rates for England and Wales or the adjusted rates of any other place in the Country. The Registrar General calculates the factors from information available to him concerning amongst other things the age and sex structure of the population.

The following table shows the classification
of deaths from all causes, Registrar General's
figures

<u>Causes of Death</u>	<u>Male</u>	<u>Female</u>	<u>Total</u>
Malignant neoplasm, oesophagus	2	-	2
Malignant neoplasm, intestine	3	3	6
Malignant neoplasm, lung, bronchus	2	1	3
Malignant neoplasm, breast	-	3	3
Other malignant neoplasms	7	3	10
Benign and unspecified neoplasms	1	-	1
Diabetes Mellitus	-	1	1
Other endocrine Etc. diseases	-	1	1
Other diseases of nervous system	-	1	1
Hypertensive disease	1	1	2
Ischaemic heart disease	12	8	20
Other forms of heart disease	3	6	9
Cerebrovascular disease	4	7	11
Other diseases of circulatory system	2	1	3
Influenza	2	1	3
Pneumonia	4	5	9
Bronchitis and emphysema	1	-	1
Other diseases of respiratory system	1	-	1
Peptic Ulcer	-	1	1
Other disease of digestive system	1	-	1
Hyperplasia of prostate	1	-	1
Other diseases, genito-urinary system	-	1	1
Congenital anomalies	2	-	2
Symptoms and ill defined conditions	1	-	1
All other accidents	-	1	1
Suicide and self-inflicted injuries	1	-	1
	51	45	96

The following table gives the incidence of notifiable diseases (other than tuberculosis) in the area during 1970.

DISEASE	TOTAL	Under 1 year	1 - 2	2 - 3	3 - 4	4 - 5	5 - 10	10 - 15	15 - 20	20 - 35	35 - 45	45 - 65	65 and upwards	Admitted to Hospital	Total Deaths
SMALLPOX	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-
SCARLET FEVER	4	-	-	-	-	-	3	1	-	-	-	-	-	-	-

HEALTH AND SOCIAL SERVICES IN THE AREA

Nursing in the Home.

Under the Huntingdon and Peterborough County Council Scheme the services of a District Nurse are available in all villages in the District.

Home Helps.

Domestic Home Helps are available under the County Council Scheme. Applications should be made to:

The Social Services Department
County Offices,
Bridge Street,
PETERBOROUGH,
PE1 1HF.

General Hospitals.

Patients are admitted to the Peterborough District Hospital, administered by the Peterborough and Stamford Hospital Management Committee of the East Anglian Regional Hospital Board.

Isolation Hospitals.

Infectious cases are admitted to the Peterborough Isolation Hospital under the management of the above Hospital Management Committee.

Treatment Centres and Clinics.

Provided by the Huntingdon and Peterborough County Council.

Child Welfare Clinics.

These are held at the following premises:-

Village Hall, Castor.	-	Second Tuesday in the month. (afternoon)
Youth Centre, Eye.	-	Every Monday (afternoon)
Village College, Glington.	-	2nd & 4th Thursday in the month (afternoon)
Village Hall, Newborough.	-	2nd Friday in the month. (afternoon)
School Hall, Helpston.	-	4th Wednesday in the month (afternoon).
Congregational Church Hall, Maxey.	-	2nd Wednesday in the month. (afternoon)

Immunisation

Measles, Diphtheria, Tetanus, Whooping Cough, and German Measles immunisation is provided by the General Practitioner service under the County Council Scheme.

Girls also can receive immunisation against German Measles during their 13th year in School through the School Medical Service.

Tuberculosis

Tuberculosis immunisation (B.C.G.) is offered to all Children in School during their 12th year through the School Medical Service.

SERVICES PROVIDED BY THE EAST ANGLIAN REGIONAL HOSPITAL BOARD

Tuberculosis cases are seen either at the Chest Clinic at Stamford Hospital, or the Chest Clinic at Peterborough District Hospital.

Venereal Disease Clinics - Peterborough District Hospital

Males:- Mondays 5.00 p.m.

 Wednesdays 5.30.p.m.

Females:- Tuesdays 10.30.a.m.

 Thursdays 4.30.p.m.

Patients may attend these Clinics without an appointment, and do not require a note from their family doctor. Treatment is confidential.

Family Planning Clinics - Town Hall, Peterborough.

1st and 3rd Wednesdays 10.00 a.m. - 11.30 a.m.

2nd,3rd,4th & 5th Wednesdays 6.30 p.m. - 8.30 p.m.

Fridays 2.00 p.m. - 4.00 p.m.

To make an appointment telephone Peterborough 4961 on weekdays after 6.00 p.m. ONLY.

I am,

Your obedient servant

Philip V. Cant.

Medical Officer of Health.

Child Health Centre,
Whittlesey Road,
Stanground,
Peterborough,
PE2 8RB

Telephone: 68010.

REPORT OF THE SURVEYOR AND PUBLIC HEALTH INSPECTOR
FOR THE YEAR ENDED 31ST DECEMBER, 1970.

TO:- The Medical Officer of Health

Sir,

I take pleasure in presenting my 6th Annual Report in respect of the year 1970.

NUISANCES

38 nuisances were investigated as follows:-

Premises (disrepair)	3
Premises (insanitary conditions)	4
Drainage	3
Offensive accumulations	2
Keeping of Animals	1
Overflowing and/or leaking cess-pools	5
Water courses	10
Noise	6
Dust and effluvia	4

All reported nuisances were abated as a result of informal action. No statutory notices were served.

FACTORIES AND WORKSHOPS (See also Appendix I).

No. of factories without mechanical power	7
No. of factories with mechanical power	26
No. of building sites &c.	24
No. of outworkers premises	4
No. of inspections	18

REFUSE COLLECTION and DISPOSAL.

A weekly collection of household refuse is carried out by contract from every property in the District, and this service operated satisfactorily.

No service is provided specifically for the collection of trade refuse.

Refuse disposal is effected by controlled tipping at the Peterborough Corporation tip in the City of Peterborough, by contract arrangement with that Authority, and at a private tip also outside the District.

CIVIC AMENITIES ACT 1967.

The following services are provided:-

Disposal Facilities for Household Refuse.

A 12 cu. yd. bulk container is provided at the Council Depot, and emptied on demand as required, currently 33 times during the 12 month period.

Bulky Items of Household Refuse.

A contract collection service has been provided on request and 9 calls on this service were made.

Disposal of Abandoned Vehicles.

By arrangement, ultimate disposal is effected to a scrap car yard in Thorney R.D. 3 vehicles were collected and disposed of by the Council during the year and in no case was it possible to recover costs of disposal.

PETROLEUM ACTS 1928 etc.

42 current annual licences are now in force in respect of the bulk storage of petroleum mixtures at 42 premises. 2 licences were cancelled during the year and 2 premises were licenced for the first time.

28 inspections were carried out.

SLAUGHTER of ANIMALS ACT 1958

1 Licence to slaughter animals was re-newed.

ANIMAL BOARDING ESTABLISHMENTS ACT

There are 3 licenced establishments in the District.

COMMON LODGING HOUSES

There are none in the Rural District.

IMPROVEMENT GRANTS

(a) Discretionary Grants.

7 applications were received for the Improvement and/or Conversion of 7 premises. Grants were awarded in 5 cases amounting in total to £3,233.

The premises were situated in the following parishes:-

Castor	1
Helpston	1
Newborough	1
Northborough	2

(b) Standard Grants.

Applications were received in respect of 6 premises for the provision of the following amenities:-

Baths	4
Wash-hand basins	4
Sinks	-
Hot water supplies	5
Water Closets	6

The premises were situated in the following parishes:-

Eye	1
Helpston	1
Maxey	1
Newborough	2
Peakirk	1

CARAVAN SITES

No new licences were issued.

37 inspections were made of existing sites.

INSECT PEST CONTROL

One case of cat fleas proved difficult to eradicate and was unusual in that the infestation had originated from the cats of a previous occupier and had remained dormant until re-occupation of the premises.

It was distressing to have recurring cases of head lice when one had come to presume that this problem was disappearing as a result of raised standards of hygiene and personal living.

RODENT CONTROL

The Annual Report in the form required by the Ministry of Agriculture, Fisheries and Food is presented as Appendix II.

WATER SUPPLY

The following data is kindly provided by the South Lincolnshire Water Board:-

(a) Water consumption.

- (i) Total annual consumption is 175,121,000 galls.
- (ii) Average daily consumption is 480,000 galls.
- (iii) Per capita consumption 48.1 galls/head/day.

(b) Water quality.

- (i) Regular weekly samples were taken throughout the distribution system for bacteriological examination and the results were satisfactory in every case.

(ii) The following is a chemical analysis of a representative sample of water as distributed to this District.

Analytical Results in parts per million (mg/l)

Appearance :- Clear and Bright

Colour (Hazen)	NIL	Odour	NIL
pH	7.30	Alkalinity as Ca CO ₃	246
B. O. D. $\frac{5}{20}$	0.13	Caustic Alkalinity as Ca CO ₃	NIL
C. O. D.	2.2	Total Hardness as Ca CO ₃	372
Suspended Solids	NIL	Calcium Hardness as Ca CO ₃	332
Ammoniacal Nitrogen	0.030	Dissolved Solids at 105° C	504
Albuminoid Nitrogen	0.029	Total Mineral Acidity	158
Total Organic Nitrogen	-	Residual Chlorine	NIL
Nitrite Nitrogen	NIL	Iron	0.141
Nitrate Nitrogen	NIL	Copper	NIL
Chloride as Cl	19	Zinc	NIL
Sulphate as SO ₄	107	Lead	NIL
Fluoride (F)	0.40	Free CO ₂	25
Manganese	NIL	Non-Carbonate Hardness	126

(c) General

The water supplied to the District is very hard in character but free from toxic metals and excessive amounts of elements injurious to health. It is of good organic quality. The fluoride content is 0.40 p.p.m.

(d) Works

Alterations in the trunk mains system at Etton Pumping Station resulted in improved pressures in the parishes of Glinton, Newborough and Peakirk.

A contract was let for the construction of two 4.75 m.g. capacity storage reservoirs within the Rural District in anticipation of the expected increased consumption in Greater Peterborough.

1,503 yards of water mains were laid in the parishes of Eye, Maxey and Newborough.

FOOD AND DRUGS

(i) Meat and Food Inspection

There are no slaughterhouses within the Rural District.

1 complaint was received of mal-odour in a can of corned beef and following random inspections of the consignment all stock was voluntarily withdrawn from sale.

During the period of national concern on the use of cyclamates as sweeteners in food, 3,666 bottles of fruit drinks were voluntarily surrendered and destroyed by this Department.

(ii) Food Premises.

There are 45 Food Premises registered in the following classifications:-

Butchers	3
Cafes	1
Confectioners	2
Fish and Chips	4
General and Greengrocers	13
Public Houses and Clubs	22

(iii) Food Hygiene Regulations.

(See Appendix V)

INFECTIOUS DISEASES

2 cases were investigated.

The first case involved the organism Sh. sonnei and followed an outbreak of dysentery in a school outside the District. Specimens were continually taken until 3 negative results were obtained.

The second case was a food poisoning investigation in which S. Thompson was the cause. The source was never definitely established and the organism proved difficult to clear. 3 negative results were not obtained until much later in the year.

DISINFESTATION

No call was made on this service.

OFFICES, SHOPS AND RAILWAY PREMISES ACT 1963

57 inspections were made. The Annual Report in the form required by the Department of Employment and Productivity is presented as Appendix III.

DRAINAGE AND SEWERAGE

The main drainage systems generally operated satisfactorily.

A minor scheme to improve the existing sewerage system in Castor is in course of preparation.

It is now hoped that work on the provision of a main drainage scheme for Newborough can commence during 1971 and this scheme is still most urgently required.

2 existing properties have been connected to main sewers during the year in the following parishes:-

Helpston	1
Maxey	1

CCESS-POOL EMPTYING

Cess-pools and septic tanks are emptied by contract and this service provides for two free emptyings per year where the properties are situated more than 100 feet from an available public sewer. For the third and successive emptyings in the yearly period, a charge is made.

309 tanks were emptied.

Parish	Requests (excluding Council Houses)	No. of Emptyings			
		1	2	3	4
Ailsworth	1	1	-	-	-
Borough Fen	13	8	5	-	-
Castor	2	1	1	-	-
Deeping Gate	4	3	1	-	-
Etton	1	1	-	-	-
Eye	27	17	9	1	-
Glington	9	5	4	-	-
Helpston	11	5	5	1	-
Marholm	-	-	-	-	-
Maxey	10	9	-	1	-
Newborough	178	92	79	5	2
Northborough	15	8	6	-	1
Peakirk	17	15	2	-	-
Sutton	17	12	2	3	-
Upton	4	3	1	-	-
Totals	309	180	115	11	3

NIGHT SOIL COLLECTION

This service is provided by contract in the Parish of Newborough for some 70 properties, and will be continued until the proposed main drainage scheme is in operation.

SURFACE WATER DRAINAGE

A table of Annual Rainfall Statistics is attached as Appendix IV, and I am happy to report that no serious flooding occurred during the year.

SCHOOL SWIMMING POOLS

There are 3 school pools in the District which are in summer use only and during this period regular water samples are taken, every week where possible. These samples are submitted to the Public Health Laboratory for bacteriological examination. Presence of coliform organisms are indicative of excremental pollution and the standard adopted is that 75% of samples taken should not show a plate count exceeding 10 per milli-litre and that the count of the remaining 25% should not exceed 100 per milli-litre. High plate counts are usually indicative of inefficient chlorination.

35 samples were taken of which 9 did not meet the above standards.

UNFIT PROPERTY (Housing Acts)

No. of dwellings formally represented as unfit	18
No. of Demolition Orders made	8
No. of Closing Orders made	9
Estimated number of unfit dwellings still to be dealt with.	46.

COUNCIL HOUSING

(a) Building.

No new dwellings were built and there were no dwellings in course of erection at the end of the year.

The total number of Council dwellings is 838 including 22 flatlets.

(b) Maintenance.

2719 repairs were carried out during the year in 1581 properties and 2540 inspections were made.

158 properties were externally painted by contract.

George Matthews House was re-decorated internally.

(c) Tenancy Changes.

Tenancy changes have resulted in re-lettings as follows:-

Borough Fen	2
Castor	3
Etton	1
Eye	10
Glington	9
Helpston	5
Newborough	1
Northborough	2

PRIVATE HOUSING .

37 dwellings were completed during the year (a decrease of 31 on the 1969 figures) and were distributed in the parishes as shown:-

Castor	2
Deeping Gate	1
Eye	11
Helpston	1
Moxey	3
Newborough	9
Northborough	6
Perkirk	1
Sutton	3

54 properties were in course of erection at the end of the year, distributed in parishes as shown:-

Bilsworth	4
Castor	2
Deeping Gate	4
Eye	25
Glington	1
Helpston	4
Maxey	5
Newborough	5
Northborough	1
Peckirk	2
Sutton	1

BUILDING REGULATIONS 1965

222 plans and applications were submitted for consideration under the Building Regulations 1965.

1054 inspections were made.

TOWN AND COUNTRY PLANNING ACTS 1962-68

191 applications for planning permission were deposited and recommendations were made in each case to the County Council as the Planning Authority.

In the interests of public participation consultation procedure was extended during the year to include all Parish Councils within the Rural District who now have an opportunity to consider each planning application and submit observations as thought necessary. Monthly lists of deposited applications also appear in the two local newspapers by courtesy of the Editors concerned.

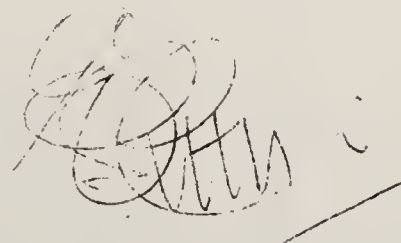

SUMMARY OF INSPECTIONS AND VISITS

Animal Boarding Establishments	5
Building Inspection	2104
